

1997 Biennial Exhibition (Whitney Biennial)

The Biennial Exhibition at the Whitney Museum in New York is renowned as a provocative survey of recent developments in American art. This catalogue of the 1997 exhibition focuses on the work of approximately 65 artists, and incorporates painting, sculpture, film, video, video installations, site-specific pieces created especially for the exhibition, and a World Wide Web component. The book also contains essays encompassing a cross-section of current cultural thought.
