

A Taylor Made Student (The Taylor Made Series) (Volume 1)

A tutor that desperately wants to teach and a student that eagerly wants to learn. Off into the shadows she follows... After 2 years of running from her brutal past, Kiera Fox is now ready to start her life over. When she decides to finish her degree at the Essex University, the last thing she was expecting was to meet the handsome and intimidating Taylor Holloway. A brief encounter in the court yard ignites a searing desire inside of Kiera which she longs to act upon. When she takes that plunge she is surprised to learn that Taylor is her Art tutor. Giving in to the overwhelming longing for one another, Kiera embarks on a dark journey of submission to Taylor, guiding her into a world beyond just sex. He teaches her about dominance and submission, control and discipline, pain and pleasure, but this path is a little too familiar for Kiera. Bringing up too many raw memories she's not quite ready to face, but she can no longer run as her past has now found her. Whilst struggling to come to terms with her past, a new threat is boiling in the background. Dragging up old war wounds and dangerous secrets, Kiera soon learns she isn't the only one hiding secrets. Although the threats warn about revealing the affair, Kiera feels it's not just about exposing them, this is personal. Can their relationship remain in the shadows along with their secrets? And how far will Taylor push Kiera in surrendering her will to his dark world, without breaking her?
