Luna Randal is a palm reader who needs help finding the creature who ate her best friend. She doesn't believe in fairies, but fae shaman Liam Corrigan, with his lavender eyes and long white hair, is unlike anyone she's ever met. When he sprinkles a potion in her coffee that lifts the veil, her eyes are opened to a whole new magical world--touchy-feely nymphs, sexy werewolves, adorable leather-clad elves and a hot-as-hell horned demigod. A world where the touch of a fae lover is as addictive as any drug, where they make love anywhere and everywhere and still their craving for each other never ceases. A Romantica erotic romance from Ellora's Cave This book contains graphic sex and a wicked hot fae shaman.
