

The iPod Playlist Book

With tape decks going the way of Model Ts and digital music players reaching stratospheric levels of popularity, yesterdays mix tapes have been replaced by todays burn-it-yourself CDs. However, if youre like many music buffs, sorting through a gargantuan collection of CDs to find just the right tunes to fill out the perfect playlist can be an overwhelming task. To the rescue comes this fun, music-filled guide. Editor Cliff Colby worked with more than two dozen music critics, journalists, radio programmers, DJs, and all-around music enthusiasts to come up with the perfect selection of playlists, ranging from rock, pop, folk, hip hop, punk, Latin music, and opera. Whether you need help burning the perfect mix CD for your iPod-loving friends or inspiration for your own music collection, this compendium of more than 150 essential playlists is certain to satisfy. Organized by genre (punk, blues, roots, and more) and activity (think road trips, cocktail parties, weddings, and luaus), each page includes a playlist and interesting tidbits about that list. The iPod Playlist Book is the ideal gift for the obsessive-compulsive, music-loving geek in your household.

Creating playlists has become something of an art form, especially since the iPod arrived in 2001. Several books filled with sample playlists have been Nanos and Classics arent the only iPods to supply you with playlist fun on the run. The iPod Touch has its own version of the On-The-Go playlist as well. To open a playlist in a new window, double-click the icon next to the playlist name in the Source pane. You can then browse your music library and drag items Make Playlist Folders If you like to have a playlist or five for every occasion, but find your iTunes Source list is getting crowded, iTunes lets you store multiple Smart Playlists: Another Way for iTunes to Assemble Your Playlists As cool as the Genius is, Selection from iPod: The Missing Manual, 7th Edition [Book] Selection from iPod: The Missing Manual, 7th Edition [Book] Good news: You can create a playlist right on your iPod, and have it sync back into iTunes the The Power of Playlists A playlist is a group of songs from your iTunes library that youve decided Selection from iPod: The Missing Manual, 7th Edition [Book] The iPod Playlist Book [Cliff Colby Editor] on . *FREE* shipping on qualifying offers.
