

Beadery Boutique Volume 1: Featuring Hemp Jewelry (Beadery Boutique by The Beadery)

Dig back into the archives of The Beadery and (re)discover some of our classic hemp jewelry designs. This book features fully illustrated, step-by-step instructions for making a dozen projects. You will be able to make six hemp necklaces and their coordinated bracelets from the creative department at The Beadery Craft Products. All of the designs are made from craft beads and supplies that are readily available in the craft department of your favorite craft supply store. The designs in this collection include some of the very first hemp jewelry designs that we ever released as kits. You will learn the basic knots needed to work on almost any hemp project in the future. If you are new to knotting cord, this book is a great place to learn the basics and if you haven't knotted in a while, it is a great refresher before moving onto more advanced designs. Have fun beading and making jewelry and be sure to check out our other books featuring more jewelry designs, Christmas ornaments, Halloween decorations and banners. Happy beading!
