

Ours (The Bears Book 2)

After being dragged to the gym by her best friend to learn self-defense, Sandy is blown away by the gorgeous instructors, Jake and Zack. But they're also Neanderthals like her brothers, so getting involved with them is off limits. Shifter cousins, Jake and Zack are instantly captivated and aroused by the feisty redhead, which fate has brought into their lives. Rather than confess their love in the more traditional way, they break into her house, undress and show her she's their mate in a much more physical way. Can Sandy resist the two men? Or will they convince her their bond and passion will still give her the freedom she craves?
