

## Billionaire Stepbrothers Promise (A Forbidden Romance)

Despite the fact that Clarissa's mother remarried into money, she's always been proudest of her own hard work. That's why she decided to start up her own party planning company. She's determined to achieve everything she's ever wanted. That is, except when it comes to love. That's because Aiden, the man who has her heart, is her stepbrother. And that means he's off limits. Aiden is a great businessman and an even bigger ladies man, bringing home an endless stream of hot supermodels to his bed. It's almost as if he's determined to remind her that there's one thing that she can never have. But when Clarissa declares her freedom and tries to move on, Aiden reminds her of the promise he made and never forgotten. Will it be enough for Clarissa to give in to the forbidden desires of her heart?
