

Greens Scottish Care Homes Manual (Greens Professional Publishing)

This work is a practical source of information for managers of residential and nursing care homes in Scotland, and those who advise them. Developed specifically for Scotland, the text is written by Scottish experts, including care home managers, and provides a comprehensive and practical guide to the wide range of issues involved in managing a care home. It offers guidance on how the current consultation process will affect Scottish care home managers and gives detailed information on how to avoid pitfalls in the day to day management of a home.
