

Billionaire In the Building (BWWM Billionaire Erotic Romance)

This white man has a cock that can put any black man to shame, and Alyssa is dying to try it out... but could it be too much for her first time? Young and innocent, Alyssa has spent more time concentrating on college than men. Lately, though, there's one man in particular that she's had her eye on. Kevin, the super wealthy real estate magnate that just happens to live in her building. From her own room, she can sometimes spy on him, and lately she's seen some things that are positively steamy. But he's so much older than the beautiful young black woman. And so much ... whiter. And yet, this alpha male puts any of the young men that have been trying to capture her eye to shame - especially with what she happened to see that he packs in his pants. So when Kevin saves her from a potentially disastrous date, Alyssa knows that she can no longer hold herself back from him. The only question is, how can she catch the eye of a man she knows likes to do it hard, fast and without protection?
