

Comer, Jugar, Reir (Spanish Edition)

Jennifer Weigel is a newscaster and is tired of always presenting bad news. For this reason, she has not only decided to change her line of work, but to initiate a path to personal spiritual realization and fulfillment. To reach this goal, she visits mediums and clairvoyants, analyzes her Karma, and applies the teachings of Deepak Chopra and Don Miguel Ruiz. But there is a special person that she wants to contact her father. This search will be as hilarious as it is moving, but it will lead her to develop her inner self with healthy and satisfying work, like all of us want to have. All of those who desire to find a path in a world full of moral trials and pain, do not punish yourself; remember how to laugh and look for the spirituality inside of your heart.
