

Hell for the Holidays (Paranormal BBW Romance)

Hells demons, Satan included, have unanimously decided that they too, should begin celebrating holidays. Not Christmas, mind you, because that would just be wrong. Even demons would like to have sparkly and shiny decorations to look at, just as long as theyre flame-resistant, for the festive months of November and December. So, Damon the demon, aptly named like so many other fellow demons, is sent in search of the perfect holiday decorator to jazz up their fiery Hell. Holly Boughs, so named because of her mothers love for the holidays, is in line for this years prestigious Best Store Window Award. Theyre looking for the best of the best (sir!), and she believes shes outdone herself this time. Shes decorated her fanny off, put on the finishing touches, and is ready to win it all. Theres just one little problem: Holly is kidnapped, dragged to Hell, where shes told to do it all over again. Without melting anything in the process. Um, yeah. Talented or not, Holly definitely has her work cut out for her, because trying to please these demons from Hell is no easy task. Publishers Note: This title has been previously released with another publisher. Previously titled Holly-day.
