

Dead Ringers

Sometimes, they don't stay dead... Are they soul mates, reincarnations or something else created in an illegal lab experiment? Bar owner, Dana McNeil, isn't sure what she is, and neither is the take-charge security specialist, Jack Cain, who comes into her life after they're named beneficiaries in a stranger's will. Jack's more outlaw than soul mate material but isn't immune to the scalding heat between Dana and him. But the heat is the least of his worries. Jack needs answers as to why the other beneficiaries are dead ringers for Dana and him. And why a sadistic serial killer is murdering them, one by one.
