

Valerium Space Vixens: Captain Joe Johnsons Rear-Entry Inter-Planetary Exploits

You can do anything to me you want, she sighed. Im all yours, baby. Yes, do anything you want to do. I want to feel you. I want to feel you inside me. Upon receiving such encouragement, Joe was pushed into an ever greater state of sexual excitement. He quickly removed his space uniform, then slid his shorts down his legs and off of him. He looked down at his member, then recognized how imperative it was for him to derive plenty of satisfaction from Joys beautiful body. He looked down at her lovely form. Her ivory skin contrasted beautifully with the bright sunshine. He looked down at her, the hairs contrasting beautifully with the sunshine as well. Joe threw his body down on the grass. His lover, who had been carefully manipulating her fingers but suddenly moved them. Honey, I want to... Joe sighed. Do anything you want to her, Dr. Leonard Bone smiled confidently. She wants you, Joe. Isnt that right, honey? Yes, oh, Im irresistibly drawn toward you, Joy sighed. Do anything you desire, my darling. Yes, come on, go after me. Captain Joe Johnson and fellow astronaut Raphael Scott have been tasked very special scientific mission. Under the expert guidance of Dr Leonard Bone, the three of the them will embark on a bold mission to the all female, all lesbian, planet of Valerium where the Dr hopes to test a very special serum; a potion that will make all those who ingest it lose their inhibitions completely. It is not long before they find two willing and well built subjects on which to test their theories. The Valerium vixens soon shed all sense of propriety as they let the studly astronauts do anything and everything to their wanton bodies, surging with a previously unknown pleasure that their planet has long kept from them, the strong, hard, handling that comes with a mans touch. A raucous romp through the cosmos, written in a graphic prose and bounding along at an interstellar

pace, all manner of deeds and devices are herein explored; interracial MMF, lesbian tribadism, and full group-swapping. Is there no limits to the lust of humans or the insatiable sexual appetite of a race of nymphet nymphos. They are boldly going where no men have been up before.
