His coach sends him to local GP Dr. Groves. Groves is sure to give Jack a very thorough examination... **EXPLICIT CONTENT:** This 5,500 word story features scorchingly hot bondage, domination, oral and anal sex. **EXCERPT:** Jack tore himself away from the door and peeled his t-shirt off over his head as he approached the table. He tossed it onto the chair and nudged his sneakers off his feet, then unzipped his fly and pushed his jeans down past his hips. The relief was immense, and he moaned weakly as his cock no longer constrained poked its head out the top of his jockstraps pouch. His fingers trailed along the soft material and his hardening shaft within. He let go of his jeans and trailed his other hand around to his exposed ass cheeks, stroking slowly down between them. He imagined Dr. Groves walking in on him like this, jeans around his thighs, touching himself, and his prick doubled in size with a jerk. He gasped, his eyelids dropped, and he traced a fingertip over his taint. Pre-cum gathered slowly at his slit, beading out and growing too heavy to remain. It oozed free, slipping down his slit to his frenulum. Jack's fingertip slid up his exposed shaft to gather the moisture and spread it back up his slit and around his cock head. Fuck, he groaned. If he didn't stop, he was going to cum right here. Then what would Dr. Groves think?
