

Dying to Kill (Angel Delaney Mysteries Book #2)

Multiple murder victims, ugly secrets, mysterious disappearances ... What happened to the peaceful Sunset Cove? Angel Delaney can't quite shake the detective in her, even though she's taking a break from the pressures of police work. So when she receives a call for help from a resident in her coastal Oregon town, she rushes right over. And so begins a twisting, multiple murder investigation that Angel is determined to unravel. Ignoring the advice of local law enforcement and her almost-boyfriend, Callen, Angel becomes a private eye. She begins to uncover clues that lead her to a growing list of suspects, including a few who Angel never thought could have committed such crimes. As the evidence mounts, more murders are uncovered, people disappear, and Angel's own life is threatened. Should she have resisted the urge to get involved? Who is committing these murders and why? Can Angel figure it out before it's too late?
