

Short Course: Microsoft Access 97 (Short Course Learning Series)

We sliced our famous fast-teach Learning books into short courses--introductory, intermediate, and advanced--so you can learn exactly what you need in less time. Each self-paced text gives you the concept and objective in simple language. Then we show you the keystrokes and the illustrated layout, followed by an exercise. Each new exercise reviews the previous concepts and introduces a new concept. Spiral-bound. Each book comes equipped with a data disk. All of the exercises are on the disk, which eliminates typing. Every minute you spend typing is another minute you don't spend learning.

This short course provides a basic introduction to the theoretical foundations of Student performance is assessed by a series of pass/fail written exercises. This course is offered in distance learning mode which is primarily asynchronous. from the Air Force Institute of Technology in 1997, an M.S. in Physics (Optics)Results 1 - 12 of 44 Learning Microsoft Office 97: Word, Excel, Powerpoint, Access Short Course: Microsoft Access 97 (Short Course Learning Series).
