

Fertile Land: Pregnant By The Cowboy: An Erotic Pregnancy Romance

Penny has started to get used to her dead-end job as a bank representative, but fate takes the road less traveled when she's sent to Russel Walker's Tennessee ranch to deliver some bad news. Russ doesn't take a shine to Penny at first, and Penny herself is thrown off by his casual, sexy country swagger. But when her eye is caught by a strange and antiquated seeding harness used for mating while touring the old barn, Penny soon finds herself unable to get it, or Russ, off her mind. Temptation sweeps them away, hard and without protection, as Russ finds that the young fertile banker just may be the lucky penny, and maybe even the future mother of his child, that he's been looking for. And Penny finds herself at the cross-roads of her life: play it safe, or let herself follow her forbidden fantasy. This steamy, erotic book is a standalone HEA romance; no cliffhangers!
