

## Cowboys and Werewolves (Taboo Gay Paranormal Erotica)

When Marshal Felton goes out into the badlands in his first solo pursuit of a gang of train robbers, he discovers that the gang is really a pack of werewolves. They capture him and drag him to their lair where they make him a deal: survive the night and he can go free. To survive he's going to have to satisfy their appetites for... man flesh. Caution: This MMMM adventure contains shapeshifting men, throbbing cocks, pulsating orgasms and hot man on man on man action by the campfire.
