

Create a professional website master WordPress in 1 day

This WordPress book is the total sum of my good and bad experience in the WordPress world from 2007 ? 2013. You can reassure that this book is NOT just another WordPress manual guiding you where to click without giving reason and turn a blind eye on what to watch out for. In addition, this book is not intended for advanced WordPress users (So superior geeks out there, dont give me bad book review ok?). You will find most of the content is very straightforward and has lots of visual guide (every image in this book is there for a reason). It has tons of WordPress tips & tricks that I wish I was told before. I believe this WordPress super guide should get you up and running fast and to make the most of WordPress self-hosted, the most popular web platform in the world in your own unique way.

How long does it take to become a front end developer and make money from it? Here I wanna talk about 1. Web design basic concepts and principles (at least 10 days).
