

All moms have a lot to do and learn. This is a 100 page workbook for Moms who want to be a good example to their children. The fun activities in this book will allow your children to see you using and enjoying many of the practical skills that they are required to learn in elementary school. 50% Off FLASH SALE! Normal Price \$16.50 Sale ends any moment. Kids need to see mom reading, writing, spelling, drawing, coloring, relaxing, journaling, thinking, planning and organizing. They even need to see mom doing some math on paper. Most kids just see their moms using cell phones and computers for everything. Kids often wonder why they have to learn so many things that they never see adults doing in real life. This fun activity book will help you organize your life, learn new things and show your children that you REALLY DO use the skills you learned in school. Every mother of elementary aged children should have this book. It will spark your child's curiosity and help your child to feel like he or she is doing meaningful work. All the activities are fun, meaningful and interesting. This is the book that will help you relax and take a break from Facebook and TV. When you use paper books your children will feel like you are doing something more real and meaningful than if you do all your stuff on a device. How nice! Written by Sarah Janisse Brown - Sarah is a happy homeschooling mom of ten children, ages 1 to 17. The activities in this book are different from all of Sarah's other books for moms. This one is not just for homeschooling moms, it's for every mommy of kids ages 5 to 12! Many of the tips and activities included in this book are the secrets she has discovered through 17 years of being mom. Published by the Thinking Tree Publishing Company, LLC Fun-Schooling for Moms!
