

# Positive Interactions for Young People

**INNER TALK**  
**SELF-MOTIVATION**  
**Positive Interactions for Young People**  
An InnerTalk Subliminal Audio Program  
**Eldon Taylor**

InnerTalk® . . . when believing in yourself matters!™  
The patented and proven technology for positive change.

Whole Brain InnerTalk is a patented technology that has been independently researched and demonstrated to be effective. All positive messages are delivered to the subconscious mind using special shadowing techniques. These positive affirmations replace old, negative, self-limiting self-talk, and therefore enables you to find success in whichever area you choose. All programs come with a complete list of the affirmations. The affirmations encourage and build attitudes relative to listening, cooperating and behaving patiently in addition to those of a healthy self-esteem. If the young person you know tends not to listen, fails to cooperate and/or lacks the patience to wait for anything, you may want to try this program. Sample Affirmations I am happy. I am honest. I do not blame. I am responsible. I make good choices. I can become anything. I am capable. I listen intently. I am cooperative. I am patient. I am an excellent listener. I am friendly. I am courteous. I am respectful. I like others. I enjoy cooperating. I like companionship, etc. About the Author: Eldon Taylor is an award winning, New York Times best selling author of over 300 books, and audio and video programs. He is the inventor of the patented InnerTalk technology and the founder and President of Progressive Awareness. His books and audio/video materials have been translated into more than a dozen languages and have sold millions worldwide. Eldon is the host of the popular radio show, Provocative Enlightenment. Note: Our programs are for educational and spiritual purposes only. No therapeutic claims of any kind are made regarding these recordings.

It may be hard to establish a positive relationship with a child at first, the early years practitioners need to really get to know the children in theirMore than this, the police officer empathized with the young peopleIt has to be highlighted here that conflicts in this sense are not only positive for the interaction between the young person and the professional,

but that conflicts make an interaction positive or negative and how this affects drug diversion initiatives . appraisals about the potential young people hold in making positiveThe affirmations on this program encourage and build attitudes relative to listening, cooperating and behaving patiently in addition to those of a healthyGet on the child's level for face-to-face interactions. ?
