

Easy Wordpress Websites For Beginners (Easy Wordpress Websites 2014)

Easy Wordpress Websites For Beginners is a walk-through guide for creating a Wordpress-based website, completely from scratch. It will take you by the hand and walk you through the process of choosing a host and registering a domain name for your website, installing Wordpress as a content management system, installing a new theme and more. This book is designed for absolute beginners, people who dont even know what a domain name is. It breaks it down to the most basic level so that anyone can understand and use it as the one guide needed to successfully set up a Wordpress website.
