

Model Bride: A Hotwife Novel

A simple photo shoot. Some pictures on a modeling site that weren't supposed to go anywhere. A call for an audition that will change Vanessa's life and her impending marriage to fiancé Nathan. Because the company Vanessa is auditioning for isn't a regular movie company. No, they're the kind of organization where the casting couch is the movie, innocent girls are the stars, and Vanessa finds herself getting so turned on that she does something stupid, something she knows Nathan won't approve of, and makes a video that the casting agent promises will never see the light of day. Only he lied. Nathan is about to discover exactly what kind of naughty modeling his fiancée did in full HD video online, and he's going to discover he likes it. A lot. And wants to see more of it! The young couple quickly finds fantasy and their wedding night hurtling towards one another as they entertain the ultimate taboo offer from the movie company: giving up Vanessa's innocence to another man on their wedding night in exchange for one hell of a modeling fee! It's the ultimate taboo, but it turns out it's the ultimate turn-on as well as the soon-to-be newlyweds consider consummating their new marriage in the naughtiest way possible: with Vanessa in the arms of another man! A new novel by Lexi Archer, author of your favorite stories about women who stray and the men who love them for it!
