

A Little Trouble

Six months of training. Six months to find a placement. Three years with a Protector. Fifty-thousand dollars. No Kidding. Livvy has high hopes after her Protector made his claim on her, but it didnt feel like things had changed. Shouldnt he have told the others? Shouldnt things have been different? Maybe she made a mistake? Maybe he was still looking for the perfect little partner, and was just keeping her until then? He was still getting more new recruits, but wasnt she special? He let her go with him to meet some of the new ones, and he was also teaching her some of the things that pleased him, as strange as they were... Sara also takes on the role of helping her become the little miss that her Protector likes best. Will Saras observations prove helpful or harmful? A Little Trouble is a sexually-explicit novel intended for readers over 18 only.
