

Mastered by her Captor

From New York Times Bestselling Author Opal Carew comes another sizzling BDSM erotic romance in the Mastered By series. Kalie Terron The man who kidnapped me has haunted my dreams for weeks. Hot sexy dreams of his full lips moving on me. Over my naked body. Touching me in soft, intimate places. As my captor, he wore jeans and a casual shirt. I hadn't known that the man who brought my sexual fantasy to life is a powerful, wealthy businessman. Now I've tracked him down, determined to convince him to give us a chance. I've seen his eyes with a dominating edge. I've seen them filled with passion. And even filled with an intense need that rivaled my own. But now those eyes are cold and detached, as if what the two of us shared was nothing to him. But I won't give up. Erik King Kalie wants a relationship. Flowers and candlelight. Soft words spoken in front of a fire. But I'm not a romantic kind of guy. I like my sex rough and hard. And I like my women soft and submissive. Just because she enjoyed a fantasy about being kidnapped by two strong, powerful men, she thinks she can handle what I want. She doesn't get that what I enjoy is in a whole different league. She seems intimidated by my status, which is good. I intend to take every opportunity to keep her off balance. For her own good, as well as mine. Her unyielding determination tells me it will be difficult to convince her to back off. Thus, my only alternative is to use intimidation to scare her away. So I will give her the chance she's been begging for, confident that in the end, she'll be begging to get away from me. ~~~~~ Special Bonus: I really want to ensure you don't miss the beginning of Kalie and Erik's story so I have included the novelette, *The Captive*, which is the prequel to this novella.
