

Microsoft Pocket Guide to Microsoft Excel 2000

Microsoft Excel 2000, the worlds most comprehensive spreadsheet program, makes it easy to analyze, report, and share data within a workgroup or over intranets and the Internet. PC users can quickly get answers they can count on, whether theyre spreadsheet experts or first-time users. Microsoft Pocket Guide to Microsoft Excel 2000 is the compact, portable reference for the frequent traveler or office staffer seeking quick answers about the popular spreadsheets tools, terms, and techniques. Topics are organized alphabetically (a favorite feature of this easy-to-use series) and include step-by-step instructions as well as numerous illustrations to get the most from Excel 2000. The troubleshooting section goes a step further by addressing common software problems with quick, easy answers -- anywhere.
