

## Sandra's Phantom (Ghost erotica)

Sandra has quite a problem on her hands. Living and breathing (and, indeed, corporeal) men simply aren't satisfying her cravings the way she needs them satisfied. She has realised that she is enamoured by ghosts and phantoms, and desires above all else to have an up-close-and-personal encounter with a thing that goes bump in the night. Hoping against hope and feeling equal parts scared and foolish, Sandra sets off to visit the old haunted house on Clyde street. She'll probably find nothing there, just like at all the other places - but what if this time is different? If she doesn't take the plunge and try, she'll never know for sure. A paranormal erotica story. Not for persons under 18 years of age. 4,900 words.
