

Polar Persuasion (M/M Gay Shifter First Time Mpreg Romance)

Dillon Everett was an ordinary marine researcher, or so he thought. When he travels to Baffin Island to study the mating habits of beluga whales, he has no idea that he'll learn much more about the mating habits of another mammal... the elusive polar bear. Blake Bjorn has long been searching for his omega mate, but it's hard when you're a misanthropic gay polar bear shifter living in the middle of nowhere. When he discovers Dillon Everett stranded on the ice, he has a spark of hope when he sees the biologist's handsome face and shocking blue eyes. Could this be the one he's been waiting for -- the man who will bear his cubs? When Blake saves Dillon, the two men have to wait for help to come to the tiny cabin Blake calls home. Dillon has always considered himself straight... but he feels an unearthly pull to the ruggedly handsome loner who saved him. Will the two men heat things up in the freezing Arctic... or will their differences be their undoing?
