

Queen of Lost Stars: Dragonblade Series/House of St. Hever

AD 1320 - Madelayne Gray dEbreux is the queen of all that is lost. Her child, her husband...everything. Or, so she thinks. The same battle that killed her husband resulted in the serious injury of her husband's commander, Sir Kaspian St. Hever. As Kaspian lays badly wounded, Madelayne is asked to tend to the man in a most unconventional and intimate way. Instead of using her milk to nurse her child, who was born dead, she nurses a man who is forbidden solid foods because of a belly wound. And so, an unusual and sometimes erotic relationship develops between Madelayne and her patient. Kaspian is tended by a woman who offers him her breasts as way of sustaining his life. At first, he looks at the situation as a necessity, but he soon comes to crave it. He struggles to keep his feelings from the widowed woman, but it becomes increasingly difficult. For a man who has known little compassion or kindness in his life, Madelayne comes to represent everything he has been missing. She soon becomes to represent everything he wants, and he wants her. Join Madelayne and Kaspian on their journey through life, loss, lust, and passion in this adventure-packed and unconventional medieval romance. Can Madelayne finally change her stars with Kaspian's help?
