

## Rooks Control (The Brothers Of Menace MC Series Book 7)

Bobbie used to be a sweet-butt, and then she fell for a Patch. But telling Rook shes in love with him is easier said than done. She fears he doesnt want her as anything more than a piece of submissive tail. Rook doesnt hide the fact hes a dominant man. He likes certain things when hes with a woman, things that leave marks on her body and have her calling him Sir. But ever since hes slept with Bobbie, shes all he wants. Shes far too good for the likes of him, so pushing her away seems like the right move. When someone from Rooks past comes to get even, Rook finally realizes how important Bobbie is to him. Can he get to her in time, or will he lose the only good and perfect thing hes ever had in his screwed up life?
