

## Playing Rough (Taboo)

Roughing It When Kayla Knoll breaks down in the mountains between Denver and San Francisco, she never expects to be rescued by someone like the sexy Tate Branson. When she finds out she's stuck without a car for the weekend, thanks to a mechanic who has left the small town for a couple of days, she takes Tate up on his offer to join him camping. Tate Branson didn't know what he was getting himself into when he picks Kayla up on the side of the road and then extends an invitation to her. She is a beautiful woman who has a thing for tying up strong, powerful men. Tate turns the tables on Kayla and she becomes the one in bonds and he's the one with the control.

The Boss Tanya James has been in love with and in lust with her boss from the moment he started the company, just three months ago. As his executive assistant she is privy to a lot of personal information. What she doesn't expect to see are bondage pictures on his computer. Bound women in different positions, women submitting to men. It surprises her how much it turns her on and how much more she wants her boss, and she wants him to do what is being done to the women in the pictures.

Austin Graham has to hold himself back from showing his assistant how much he wants her. No employee relationships are allowed in the company or he could lose his job. That doesn't stop him from wanting, desiring, and fantasizing about the lovely Tanya. One night that all goes to hell when Austin and Tanya meet at a bar. Their game of true confessions goes a little too far and she ends up going home with him, giving a whole new meaning to boss and assistant relationship. Tanya learns all about what it's like for a man to take control of her, to submit to him in every way. And when the sun comes up, she wants it to never end.

Push Rachele Derry has secret fantasies that no one knows about until she meets Chase. She tells him how fascinated

she is in kink from all of the books she's read. She wants to try it and she wants Chase to be the man who takes control. Chase McAllister has a hard time holding Rachelle back. As much as he loves kink, he doesn't want to rush into anything. He wants to get to know her better and to allow her to trust him. Because BDSM and the trust that is required, often creates strong emotional attachment. When Chase finally makes her fantasies come true, playing is better than she ever imagined. While she's having fun, he wants to play for keeps. About Jaymie Jaymie Holland is the romantic erotica alter-ego of New York Times and USA Today bestselling author Cheyenne McCray.
