

Saddlery and Harness-Making

This early work on saddlery is both expensive and hard to find in its first edition. It contains information on the materials and designs used for harnesses and saddles. This is a fascinating work and is thoroughly recommended for anyone interested in the skills of saddlery. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
