

She Shifters: Lesbian Paranormal Erotica

The idea of shapeshifters being both human and animal ignites our imaginations with visions of primal passions and insatiable hungers. Most commonly seen as dark, masculine demons, shapeshifters are in need of a metaphysical overhaul: a new feminine/Sapphic blending of physical power and inescapable desires. *She Shifters* re-visions common and not-so-common myths and deliver a fresh perspective from the storytellers. Traditional lycanthropes and feline familiars appear, as well as more obscure, lesser-known mythologies from around the world to create inventive tales celebrating feminine power, lust, and erotic love. Paisley Smiths *The Night Crow* finds two lovers, divided by centuries and a terrible sacrifice, reunited in London. In Christine dAbos, *Scorched Retribution*, a human woman has come home after a ten year absence, hoping to make amends with the one person whose heart she's broken. But the heart of a dragon isn't easily won and the woman must offer herself up for retribution or risk losing her lover forever. In Angela Caperton's *Sweetwater Pass*, the eldest daughter in a family of shape shifters heading to California in the era of the great wagon trains, meets a Native American sister and finds the promise of the West fulfilled. Delilah Devlin's one-of-a-kind *She Shifters* unleashes the wild creature inside us all!
