

Not all things who roam the night are dark, as the newly-turned werewolf Gwen Rogers is about to discover. Gwen finds herself a prisoner to the whims of William Fox, a man who both shelters and cages her. Her only breath of freedom comes when he enlists her help to capture the creatures of myths and legends that were inadvertently freed by her actions. Even as he teaches her hard lessons through her electrified collar, she finds her mind unwillingly bending towards a truce of sorts with her new life, and with him.
