

The Mastery of Destiny embodies New Thought writer James Allens teachings that our thoughts can be used to increase our capabilities and to create our lives as we desire them to be. Allens ideas and ideals and those of others in the New Thought Movement have seen a resurgence with the release of the bestselling book and film The Secret and the popularity of the Jerry and Esther Hicks Abraham Teachings. James Allens inspirational and thought-provoking books have in fact inspired millions. In The Mastery of Destiny, he instructs readers on developing self-control, willpower, concentration, and motivation. Through discipline and mindfulness, we can create a life of unending happiness, prosperity, and, most importantly, self-mastery. Contents Deeds, Character, and Destiny The Science of Self-Control Cause and Effect in Human Conduct Training of the Will Thoroughness Mind-Building and Life-Building Cultivation of Concentration Practice of Meditation The Power of Purpose The Joy of Accomplishment “All life is a struggle; both without and within there are conditions against which man must contend; his very existence is a series of efforts and accomplishments, and his right to remain among men as a useful unit of humanity depends upon the measure of his capacity for wrestling successfully with the elements of nature without, or with the enemies of virtue and truth within. It is demanded of man that he shall continue to strive after better things, after greater perfection, after higher and still higher achievements; and in accordance with the measure of his obedience to this demand, does the angel of joy wait upon his footsteps and minister unto him; for he who is anxious to learn, eager to know, and who puts forth efforts to accomplish, finds the joy which eternally sings at the heart of the universe. First in little things, then in greater, and then in greater still, must man strive; until at last he is prepared to make the supreme effort, and strive for the accomplishment of Truth, succeeding in which, he will realize the eternal joy. The price of life is effort; the acme of effort is accomplishment; the reward of accomplishment is joy. Blessed is the man who strives against his own selfishness; he will taste in its fullness the joy of accomplishment.”
