

The Essence of PRINCE2

PRINCE2 is the most widely-used project management method in the world. This book covers the entire content of the 2009 edition of the PRINCE2 manual in an easy-to-read style, and is suitable for those wishing to take the Foundation or Practitioner examinations or bring their knowledge of the method up-to-date from earlier versions of the project management method. It also contains lots of examples of how to tailor the method for large or small projects.
