Laboratory of a Mad ManAgony and Ecstasy of the BeastsEve finds her worst fears realized when the master of the mysterious island, the nefarious Dr. Melville himself, sends an army of hybrid monsters warriors to recapture her. Now, bereft of her allies and friends, Eve lies at his mercy. And at the mercy of his monsters. For the doctor has resurrected stranger and fiercer creatures than any the long-suffering Eve has yet known. And the savage were-beasts that lurk in the dungeon of the doctors villa are every bit as wild, every bit as lustful, as the denizens of the island jungle itself!
