

## Summer Garden Party (M/m/f/f orgy, Regency erotica)

Lady Christine has been married for a few years now, and so rarely gets the opportunity to see her close friends, especially Marissa, who she used to touch and kiss in bed back when they were both at girls school. When her friends arrive at her summer house for a garden party, she expects a relaxing afternoon of catching up and lively conversation. What she doesn't realize is that her husband Sir George knows of her scandalous past, and wants to experience it for himself...EXCERPT:She smiled, chattering happily as she moved around the small, sun-lit tables, pouring lemonade with and enjoying the oohs and ahhs over the fact that she had ice. They chattered happily, both Marissa and Lily making tiny hints about their interest. Christine flushed as Lily suddenly spoke her interest loudly, where both men could hear her. That really is a lovely dress, Christine, the beautiful blonde girl smiled, tossing her curled ringlets back over her shoulder, But I know that all of us here are just dying to see you take it off. Christine's eyes widened and her hand rose to her throat; she flushed, the color only complementing her skin. Perhaps she had put a touch too much spirits in the lemonade. I agree, it was Marissa's husky voice spoke behind her, Violet never really suited you anyway, dearest, she was smiling gently as Christine turned around. As if by unspoken agreement, Mathew rose up, walking towards her. He leaned in, wrapping his arms around her shoulders to whisper in her ear. I've always fantasized about you making love with them, he nodded his head towards Marissa and George, And I know you've been with Marissa before, so don't be shy. WARNING: This 4000+ word erotic short story contains graphic depictions of sex, oral and otherwise, during a normally-stuffy regency garden party that suddenly turns sexy and repressively kinky.
