Moving around her trembling body, he secured the other three straps to her other wrist and both ankles. She was shaking so hard, her teeth were chattering, but then he did a strange thing. He put his hands on her shoulders and stroked them lightly over her body, along her sides and then around and over her flat stomach. They continued down her legs, just brushing her shaved mound as they moved all the way down to her feet. And then he stood up and he left. She didn't understand what was going on as she lay there strapped down and naked. But she had felt her body respond to the stranger's touch and she couldn't help but wonder why he had walked away and not touched her sexually. Then, her thoughts were interrupted by someone stepping into the room and she craned her head to see if the man had returned. But the person who stepped in was not her husband or the

strange man who had grabbed her and tied her down. Her mouth opened in shock as she saw her husbands friend, Darrin, step into the room. What shocked her and kept her from calling out to him for help was the fact that he was walking in completely naked.
