Touch of an Incubus Ravens Destiny Lenores evenings dont usually end with helping a stranger bury a werewolfs body in her woods. But he did rescue her from the beasts attack, and he does claim to be a sorcerer. Corbin is a raven-shifter, the last of his clan, and he needs her help. Theres an evil wizard intent on wiping his kind from the face of the earth. The connection between Corbin and Lenore is strong and instant. But they cant exactly defend themselves with love or hot sex. They have to come up with something fast, because the evil wizard has already sent his familiar to track them and if he has his way, no one will survive to fulfill the prophecy he fears. Fates Embrace Rainas spell accidentally awakens her guardian wizard, Aleric, who has been preserved as a statue for three hundred years. He brings with him a hot body, great sex and enough magical knowledge to protect Raina from the danger shes facing. She thinks that danger is Michael, the alpha werewolf who wants this sexy witch as his mate. But she might be wrong. Especially when both Aleric and Michael let her know they dont object to sharing. Between a hot wizard, a talking snake and a werewolf--and an evil mage out to steal her soul--Raina has her hands full.
