

Lynet Giffard's mixed blood has made her a foreigner among her own people. She has spent her entire life striving to appear quiet, demure, and subservient in an attempt to keep from drawing scrutiny. All that changes when she encounters Sir Jarin Maignart. He is an enemy of her people, and a treasonous murderer—yet those facts mean nothing when she uncovers the complex man inside. Her people scorn her for caring for him, yet no other man has ever seen her as more than a half-breed oddity. With him, she blossoms into the kind of woman she always wished she could be. Jarin knows he has done nothing to deserve Lynet's love. A traitor and usurper, he has taken lives unjustly and committed treason against the realm. Yet, in Lynet he sees redemption and dares to hope he can become a better man. When a deadly plot against his family is uncovered, Jarin will face a choice between saving his own skin, or suffering the consequences of disobeying the terms of his banishment by returning home to set things right. Can the sullied knight atone for his sins and become worthy of forgiveness and love?
