

Mac Annoyances

Anyone who plugs in a Mac whether its the proud owner of the very latest version or someone still tapping away on yesterdays model usually finds these machines to be an immensely popular and beneficial tool. Unfortunately, they can also be a royal pain in the neck. Any way you slice it, Macs still have a tendency to induce minor headaches at the most inopportune times. Mac Annoyances feels your pain. Developed precisely for the individual who cant live without a Mac yet cant deal with its fickle temperament Mac Annoyances provides solutions to scores of common problems faced by Mac owners. Contained within its pages are hidden (plus well-documented) tips, tricks, and workarounds designed to drastically improve specific problem-solving capabilities. The result: a significant enhancement of the overall user experience and a tremendous savings of time no matter which version you own. What does Mac Annoyances cover? What doesnt it cover is the more appropriate question. Hassles associated with Mac OS X, iLife, Mac hardware, and Microsoft Office (the mother of all annoyances) are all addressed in sharp detail. Also tackled: how to overcome problems related to specific applications such as iTunes, Microsoft Word, PowerPoint, and Apples Mail program. Having trouble browsing the Web or searching with Google? Want to make your Mac a bit faster? Keyboard causing you trouble? These and dozens more annoyances like them are all dissected as well. Truth is, if youve experienced it, Mac Annoyances addresses it. Written by top-flight author and renowned Mac expert, John Rizzo, this book is a follow-up to the bestselling PC Annoyances. In keeping with the spirit of OReillys Annoyances series, Rizzo adopts a sympathetic tone throughout the book that quickly ingratiates itself to readers. Rather than blaming Mac owners for possessing

minimal technical savvy, Mac Annoyances takes them along for a fun-filled ride as they join forces and outsmart the system together.

We love our Macs, but during our day-to-day use of Mac OS X we can still sometimes come up against various annoyances that can put us in aI recently wrote about a number of Apple Music annoyances issues you may see when using Apples new streaming By Kirk McElhearn. iTunes annoyances.Related Titles Available from OReilly EXcel ANNOYANCES ?221 Internet Home Networking Annoyances Internet Annoyances Mac Annoyances PC This post aims to address some of the bigger annoyances that may be encountered on a Mac, with easy solutions on how to adjust them and fixMac Annoyances provides solutions to scores of common problems faced by Mac owners.
